**Arriving at the camp**

As we know, Asia Pacific Networking Group (APNG) is an Internet organization dedicated to the advancement of networking infrastructure in this region, and to the research and development of all associated enabling technologies. From my classmates Zhou Bo, whose friends in QingHua University recommended this camp, and I prepared carefully for this camp, including paper and presentation. When I got to know that I was selected to the 9th APNG camp, I was very happy and excited to join the camp. As my first fellowship for apng camp, I came to Xi'an at August 26<sup>th</sup>. And made registration this evening.

The next picture is the invitation party for apng, and each one in the camp gave best wishes for our camp and our friendship.

**Excellent paper and presentation for APNG**

The 9th APNG Camp was held in Xi'an from August 26-31, 2007. It was a wonderful

learning experience for everybody. There are many friends from different countries in the camp. We got to know one another, and began our camp with Awal's opening. And Okhwa Lee gave an APNG brief overview. Then WG chairs made their WG opening and the sponsors gave their speeches.

The keynote speakers gave wonderful speeches and the fellows were excited to make their own presentations. In the afternoon,

### **Beautiful Xi'an Scenery Point**

Xi'an is a very famous city of China, and the most famous scenery point in Xi'an is "BingMa Yong". And many of us agreed to traveling "BingMa Yong"

### **Hot communication for Next Generation Network**

The exchange between fellows are very hot for next generation network, and we learn much from each other very much.

I must mention that the keynote addresses and the guest lectures, we learnt a lot and all the group discussions and work sessions were very useful not only to exchange experiences but to identify innovative capabilities of the young members.

### **Summary**

First of all, I must thank the Camp President, Secretary and the Organising Committee for giving me this opportunity to participate the 9th Camp. My sincere thanks are due to all the friends came from different countries who tried their level best to keep us in a happy mood. Before concluding, I must thank the Grandpa of APNG Tommy-San and Lee for their untiring efforts rendered to make the event lively and a total success, and also looking after us.
